

STARKE Turf Mastery

Elevating Sports Surfaces with Silica, SBR, and Zeolite"

In the dynamic world of sports, where performance is paramount, STARKE stands as the epitome of turf mastery, we introduce our premium range of silica sand, SBR granules, and zeolite, meticulously designed to redefine sports surfaces. Discover how STARKE transforms fields into arenas of unparalleled play.

Building Turf Brilliance with STARKE Silica Sand

Benefits

1. **Efficient Drainage (Up to 30% Improvement):** STARKE silica sand guarantees optimal water drainage, preventing waterlogged surfaces and enhancing field playability.
2. **Consistent G-Max Levels (15% Increase in Shock Absorption):** Ensure player safety with STARKE silica sand, delivering reliable shock absorption.
3. **Extended Turf Lifespan (30% Longer):** Opt for durability and cost-effectiveness with STARKE silica sand, extending the life of your turf.

Sizes

0.30 - 0.60 mm
0.40 - 0.80 mm
0.50 - 1.0 mm
1 - 2 mm

Packaging

50 Kg Bag

STARKE SBR Granules - Precision Performance for Every Game

Benefits

1. **Unmatched Shock Absorption (20% Increase):** STARKE SBR granules provide superior shock absorption, prioritizing player safety and reducing the risk of injuries.
2. **Consistent Ball Rebound (Up to 25% Improvement):** Elevate the game experience with STARKE SBR granules, ensuring a predictable and reliable ball rebound.
3. **Weather-Resistant Stability (10% Greater):** STARKE SBR granules maintain peak performance across diverse weather conditions

Sizes	30 Mesh, 0.8 - 2 mm, 1 - 4 mm, 2 - 5 mm, 5 - 10 mm
Packaging	20 Kg Bag

STARKE Zeolite - The Eco-Friendly Revolution

Benefits

1. **Odor Neutralization Mastery (Up to 90% Reduction):** STARKE zeolite ensures a fresh playing environment by effectively neutralizing odors.
2. **Cooler Playing Surface (15% Temperature Reduction):** Experience cooler turf temperatures with STARKE zeolite, enhancing player comfort.
3. **Eco-Friendly Solution (100% Recyclable):** Contribute to a greener future by choosing STARKE zeolite, a 100% recyclable solution.

Sizes	0.4 - 0.7 mm, 0.7 - 1.6 mm, 1.6 - 3 mm
Packaging	25 Kg Bag
